

CBT Player/Family Payment Agreement

Upon signing this agreement, it is known, stated and agreed on that if a player/family makes a decision to leave CBT and vacate their roster spot from now until the conclusion of the following season (end of July), they will still be responsible to pay the yearly player fee in full.

Fee's will not be held responsible to the player's family for the following reasons ONLY:

1. If the player is removed from the roster at the behest of CBT
2. If the player endures an injury that doesn't allow them to play (with doctor's confirmation)

CBT reserves the right to bill breachers of this contract until the fee is paid in full by May 1st of that year. CBT also reserves the right to send unpaid invoices to collections services if fee's are not paid by the due date and considered past due.

It is also hereby known and stated each player/family must have a credit card on file and CBT reserves the right to charge the credit card for any outstanding fee's or past due player fee's. This refers to both late fee's and/or if the player/family decides to leave the program any time during the duration of the season and the fee is not paid in full.
