IMPORTANT DATES in 2024-25

October 16th Week - December 1st - OFF TIME

**CBT recommends at least 6 to 7 weeks off to allow players arms, body's and minds to rest, recover and get refreshed and ready for winter training* We will NEVER Practice 12 months straight in a calendar year - It is unhealthy for players. During this off-time, players can use the facility to hit during open times and use the weight room to get bigger, stronger and faster. They can also access the players lounge area as well.*

December 2nd - December 21st - CBT Hitting & Arm Care Groups

**CBT players will be introduced slowly back into the game with basic CBT core principles on how we will play the game and practice - We will be doing hitting groups and arm care groups and get players acclimated to the CBT way. NEW in 2023-24. These groups will be mixtures of age groups and strictly hitting specific, arm care specific, or catcher specific training practices. Times and dates TBD!*

Sunday December 22nd - Friday January 3rd - Christmas Break

Saturday January 4th - Team Practices Start

March 12th Week - New Youth Schedule Starts 14U & under (more practices per week) - High School kids start high school practices

April 25th-27th - Potential first outdoor tournament weekend for 9U-14U - Younger teams may play earlier in indoor tournaments throughout the state (8U-12U)

Other Important Information

Tryouts - Returning CBT players do NOT need to attend tryouts in July. Our staff already knows their strengths and weaknesses and we dedicate tryouts to the new players we do not know so we can get a thorough evaluation on them to be able to incorporate them correctly and appropriately into the program.

Winter Practices - we will typically but not always practice with at least 2 teams each practice, sometimes three. We do this due to time and space issues at the indoor facility and to keep player fees down. If we practiced with each team individually, player fees would increase dramatically. Time inside the facility in the winter is primetime and we have to fit a lot of things in in a short amount of time.

Fall Practices - We may do fall practices depending on each team's availability. Fall practices may be inside or outside depending on the weather and time of year.
